## Preface

It is privilege and grateful to God for His love and His mercy so that the activities of Life Center Sungai Tiram is going well up to now. We know that Covid -19 pandemic has spread around the world and it affected people's lives especially the economic. Its impact also affected our ministry, Yayasan Lima Roti Dua Ikan Indonesia, and we are struggling to cover the needs of our schools.

## CONTENTS

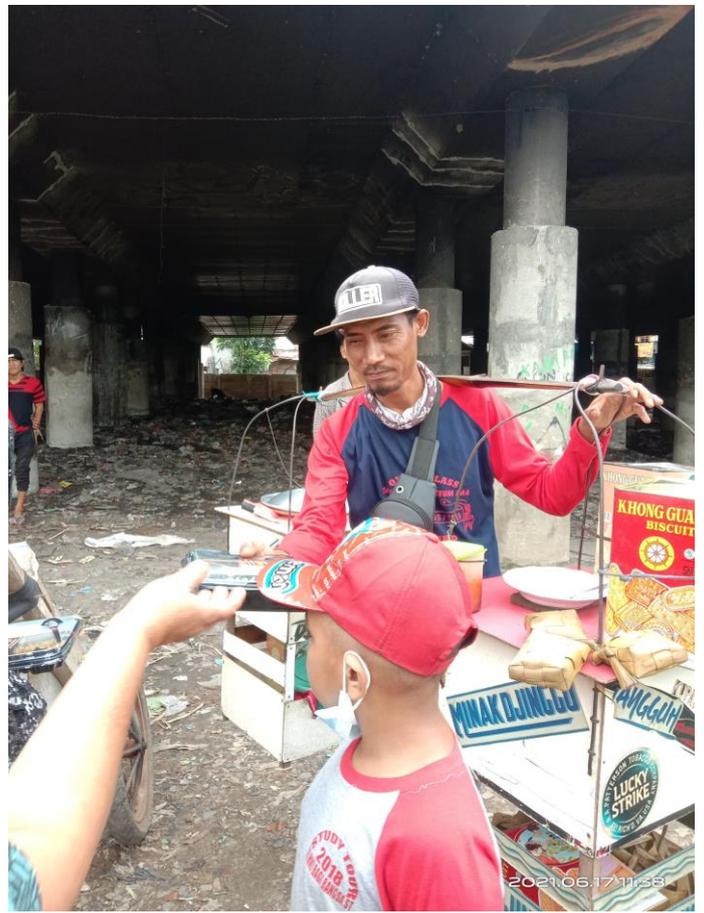

At this time, we would like to thank all of you, JabezKids Team, for financial support to make TK Misi Bagi Bangsa Sungai Tiram keep running well up to now.

Here, we give the report of activities Life Center Sungai Tiram in time of period April – June 2021.

### I. Social Activities

The Life Center Sungai Tiram location is in the middle of slum area. In this place so many people are poor and needy. In this covid-19 pandemic, their situation is getting harder. Therefore sometimes we deliver food and also food suplays to them.

## II. Education Activities

### 1. Teachers and Students

#### 1.1 Teachers

No:	Name:	Function:
1.	Sura .....	Principal
1.	Oktavia .....	Play Group Teacher
2.	Cristine .....	Teacher of TK A
3.	Paulina .....	Teacher of TK B1
4.	Meriam .....	Teacher of TK B2
5.	Purwati .....	Teacher of TK B3

#### 1.2. Students

Classes	Male	Female	Total
Play Group	2 children	2 children	4 children
TK A	9 children	5 children	14 children
TK B1	7 children	8 children	15 children
TK B2	7 children	7 children	14 children
TK B3	6 children	10 children	16 children
Total of students			63 children

### 2. Learning Activities

COVID – 19 Pandemic is still continuing in Indonesia. In this situation, it is impossible to make any activities indoor or out door of school and we also will not involve many people in our activities. During Covid -19 pandemic, we set 3 systems of teaching and learning as we have an agreement with the parents.

#### ❖ Online Learning System

In Online Learning System, teachers prepare two days activity for one week and share it to all students for doing it in their homes with their parents and guided by video or group cell. After that, students will send the result to the teachers in the form of photo and video.

Teacher is sharing the learning materials to the parent

Student is doing the activity at home

Students are showing their final result at home

❖ Group Activities System

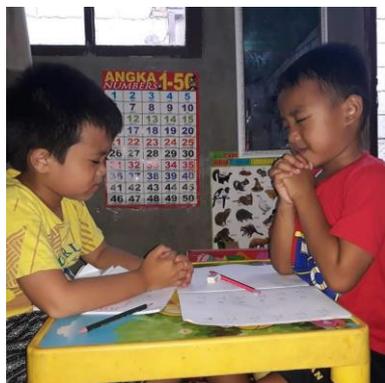

In this system, classes will be limited only two hours for two sessions in one class. Total students is only 50% per session and we still apply the health protocols.

Teacher and students are doing a group activities

❖ Visiting Learning System

In this system, we do learning activities in the house of teacher or student in the same region. We gather them in 2 – 4 students and it depends on the capacity of the house.

Two students are studying at their house

### 3. Graduation of Class B

We thank God. Although Covid -19 pandemic still here, we did graduation of student of Class B with 30 students. The Graduation was on Thursday, 10 Juni 2021 at TK Misi Bagi Bangsa Sungai Tiram building. Everything was running well and we also did Health Protocols.

After Graduation, the students are saying "Thank You" to JabezKids Team

### III. Student Activities

Name : Maria .....

Nick Name : Celsi

Born : Jakarta, 11 March 2014

Future Goal : to be a Doctor

Celsi is an independent child, confident, good in speaking, neat wearing dress, neat doing homework, care, and love to share. She is excited to do any activities at school.

Activities:

1. Celsi is explaining the water use and giving an example watering the plant.

2. Celsi is washing the food utensil

3. Celsi is also doing experiment to mix water with other colours. She learns how to measure the water when she fills bottle with water, she learns about weight of the bottle.
