## PREFACE

Education at the child's age is very important for the growth of human. Children get many experiences and it affects to their brain to make a good brain. Children can get any stimulations when they join the program in Early Childhood Education or Pendidikan Anak Usia Dini ( PAUD ). That is why, Yayasan Lima Roti Dua Ikan Indonesia is existing to respond the need of people about the education for early childhood especially at the age 4 – 6 years old. It is TK Misi Bagi Bangsa Rawakalong at Jln. Setia Mekar Gang Wihara No.22 RT.003/RW.021 Desa Setia Mekar, Kec. Tambun Selatan Kab. Bekasi. TK Misi Bagi Bangsa Rawakalong is a formal school. All lessons focus on student and emphasize to the character of student.

TK Misi Bagi Bangsa Rawakalong has been giving an impact to the surrounding environment especially to all parents regarding to educate and to take care of their children. Carrying out the parenting program in the school has produced an understanding that Education at the child's age is very important. So that, a lot of parents send their children study in TK Misi Bagi Bangsa Rawakalong.

We always give the best service through interesting and fun learning methods with concern to the curriculum. All teachers increase their competence through independent trainings or webinars from education authorities.

In September 2023, the Rawa Kalong Mission Kindergarten for the Nation received legal status from the National Accreditation Board of the Ministry of Education with B Accreditation status.

In our ministry right now, we are struggling with the building that we use. We are renting the building because we do not have our own building yet. In June 2024, the contract will be ended. Until now, we have not found any places to continue the school for the next year school.

At this moment, we would like to thank you to Jabez Kids for supporting and helping us so that we can pay the operating cost our school and keep running up to now.

Here, we give the report of activities of TK Misi Bagi Bangsa Rawa Kalong in time of period June – September 2023.

### 2. Learning Activities

Learning Activities TK Misi Bagi Bangsa Rawakalong is using learning by playing central system related to the curriculum which is learning activities is doing in different classes according to their central.

Here, the pictures of the activities of students.

## 2.1 Morning Activities

We do morning activities before the main activities. Firstly, students make a line of march and then they sit in a circle to do the holy morning which are singing and praying. Teacher will tell the story to build the character of students.

After that, the teacher will ask students to do toilet training and then teacher will be starting with story related to the lesson at the time.

## 2.2 Main Activities

On that pictures, students are doing various types of games in the class and it was prepared by teacher. In the class, teacher is only a facilitator to expand the idea and the creation according to their imagination.

## 2.3 Main Activities

In this picture, students are playing at block central. This central is the most they like. When they play, a lot of things they can learn, for example; knowing shapes, counting, knowing about length and short, much and less, learning about cooperation and interact with people, and they can create a building according the theme and their ideas.

Here, children are also given cooking experience by teaching them to pick, wash vegetables, cut tempeh and make fried tempeh. Children really enjoy this activity because they can do it directly.

## 2.4 Physical Motor Activities

Moreover, teacher designs an activity which can train and develop the streng and the ability physical motor of the children, for instance; playing with throwing, catch the ball, walking with train shape, playing with pattern, squeezing the clothes, many things they can do to train and develop their rough physical motor and shoft physical motor.

## 2.5 Healthy Clean Friday

Every Friday there are some activities; exercise or gym and clean the environment of school. The purpose of cleaning the environment of school to tell them that cleaning the school is our responsibility so that the environment of school can be healthy and clean and be spared from microbe caused of disease and we are teaching them how to love earth that God created and no throwing rubbish carelessly but they throw it to the rubbish bin. After that, the students eating together with the meal that school prepared.

## 2.6 Market Day Activities

We do this activity to train the courage and self confidence of students. Moreover, they also learn how to present their product beside that they can learn doing business how to sell and buy things.

## 2.7 Performing arts activities.

Children take part in various singing and dancing competitions. In every competition, the Rawa Kalong Mission for the Nation Kindergarten won 1st place.

## 2.8 Swimming Activities: Children practice swimming

## 2.9. Outbound Activities

#### IV. STUDENT ACTIVITIES

Name : Yuliana Lovelita Mertawati Sinaga

Yuliana Lovelita Mertawati Sinaga or people call her Love is one of female students Group B2 in TK Misi Bagi Bangsa Rawakalong. She is 6 years old and the second child of Mr. Gindo Sinaga and Mrs. Jusfri Mertawani Simatupang. Her house is about 2 km from the school and her mother always drops off of her by motorcycle. The reason why her parents put on her at TK Misi Bagi Bangsa Rawakalong because the school has a learning system focus on charactr building and has a concept learning through playing.

In the beginning at the school, Lovelita is a shy and silent person. Along the time, from TK A and now she is in TK B, she has a progress. She is a cheerful kid now. She always greets and says 'hello' to all teachers if she comes to school. She likes to mingle with her friends and dare to have an opinion in the class.

When we had conversation with Lovelita, she answer all the questions fluently and clearly.

- Teacher : Hello Lovelita.... Are you happy today?
- Lovelita : I am so happy Miss....
- Teacher : May I ask you something?
- Lovelita : Sure....
- Teacher : What grade are you now?
- Lovelita : I am in TK B now.
- Teacher : What is the difference when you were in TK A and now you are in TK B?
- Lovelita : Of course the age of TK A and TK B is different. I used to be shy but I am brave now.
- Teacher : Why are you being brave now?
- Lovelita : Because Naomi asks me playing on the slide, swings, etc. So, we play together and we are friend.
- Teacher : Do you like to study in this school?
- Lovelita : I do. I like studying here because I have many friends and playing together and reading a book together. The teachers are very nice and they love us.
- Teacher : That is very good. What do you want to be?
- Lovelita : I want to be a doctor.
- Teacher : Why do you want to be a doctor?
- Lovelita : I want to take care of my mother and all people if they are sick.
- Teacher : So, what do you do if you want to be a doctor
- Lovelita : I have to read books and study hard. I have to be diligent, too.
- Teacher : Thank you Lovelita. Keep studying and achieve your goal.

That is the result of the interview between her teacher and Yuliana Lovelita Mertawati Sinaga.
